

SPECIAL  
OFFER

## FOR ST MARGARET'S FAMILIES ONLY

Hi, I'm Antoinette – a local parent of the St Margaret's School community and the founder of [Buddy Bookkeeping Solutions](#). Like many families in our school community, I understand how busy life can be – especially when running a small business alongside family commitments.

I provide reliable, down-to-earth bookkeeping support to small businesses and sole traders, helping them stay organised, up to date and confident in their books.

If anyone in the St Margaret's community runs a small business and could use a little support behind the scenes, I would love for you to contact me for a chat. I offer general advice for no fee, and only charge consultation fees for formal consultations if required.

I am honoured to extend an offer to St Margaret's families only. This offer is not being advertised to the general public. You can contact me via phone, email or social media as per below and I sincerely look forward to helping you achieve your business goals and forming a long lasting relationship within our beautiful school community.
